Team members who adopt a child are entitled to 3 months· paid leave starting from the date of child birth. To take adoption leave, team members need to submit a certificate from the National Foundation for Children or a family court confirming the adoption, to the employer.

Applying for parental leave in Costa Rica

Please familiarize yourself with GitLab·s Parental Leave policy. You will need to submit your parental leave via Workday - Time Off at least 30 days before starting the leave.

Kenya

- Contact: gxemployeeexperience@globalexpansion.com
- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Medical

(Health Care Allowance)

- Healthcare Monthly Allowance will be paid by GX as an allowance to the team members for their own Medical Coverage.
- The allowance will be up to 40,000 KES per month for team members and up to 70,000 KES per month for team members plus Dependents.
- This amount will be paid on a monthly basis with the regular payroll as a reimbursement.
- Team Members are required to share proof of registration to the GX1 (Global Expansion) portal.
- If a team member has a change in cost and coverage / renewal, please ensure to upload the new proof of cost and cover to the GX1 (Global Expansion) portal and send an email to gxemployeeexperience@globalexpansion.com cc'ing total-rewards@gitlab.com to advise the new proof has been uploaded so that this can be adjusted on the next available payroll.

Once a year, Global Expansion may reach out to team members to complete an audit and request that team members upload proof of coverage and cost.

Pension

GitLab does not plan to offer pension benefits at this time as Kenya has their Pension system called National Social Security Fund (N.S.S.F)..

Life Insurance

GitLab offers company paid International Group Life and Disability Plans through AXA.

GX Leave policy

Annual leave (statutory)

21 Days

Maternity leave

Team members can take up to 3 months maternity leave.

Maternity leave payment

If eligible, team members will receive 100% paid Parental Leave from GitLab for up to 16 weeks.

Paternity leave

Team members can take up to 2 weeks of Paternity Leave.

Paternity leave payment

If eligible, team members will receive 100% paid Parental Leave from GitLab for up to 16 weeks.

Applying for parental leave in Kenya

To initiate your parental leave, submit your time off by selecting the Parental Leave category in Workday - Time Off at least 30 days before your leave starts. Please familiarize yourself with GitLab's Parental Leave policy.

Latvia

- Contact: gxemployeeexperience@globalexpansion.com
- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Medical

Review the AXA Benefit guide.

- Team members will be able to avail of GX's global health insurance plan through AXA. GitLab will cover 100% of the team members' cost and 66% of eligible dependent premiums.
- The AXA plan will be administered directly through GX.
- During the onboarding of a new hire, GX will collect the team member and eligible dependent's census for enrollment via the GX1 platform.
- Once the plan is implemented, the team member will receive the documentation along with a digital pass via a secure link directly from AXA.
- For any addition or modification a team member can reach out to the GX team at: gxemployeeexperience@globalexpansion.com.

Pension

GitLab does not plan to offer pension benefits at this time as Latvia has their Pension system called as State Funded Pension Scheme

Life Insurance

GitLab does not plan to offer life insurance at this time.

GX Leave policy

Annual leave (statutory)

20 days

Parental Leave

All team members are entitled to up to 1 ½ years of parental leave for the birth or adoption of a child until the child reaches eight years old.

- This leave may be taken in a single period or in parts. If taken in parts, the total leave must not exceed 1 ½ years.
- Team members must notify the Absence Management team at leaves@gitlab.com one month in advance of beginning parental leave, and at least two weeks in advance if returning from leave early.

Maternity Leave

Team members are entitled to up to 56 calendar days of prenatal leave and 56 calendar days of maternity leave for a total of 112 days.

- Supplementary prenatal leave of 14 days may be granted (for a total of 70 days of prenatal leave) if a woman who has initiated pregnancy-related medical care at a preventive medical institution by the 12th week of pregnancy has continued for the whole period of pregnancy.
- Supplementary maternity leave of 14 days may be granted (for a total of 70 days of maternity leave) if there are complications in pregnancy, childbirth, or the postnatal period or if two or more children are born.

Maternity Leave payment

- If eligible, GitLab will supplement your pay to ensure you receive 100% pay for up to 16 weeks of your leave.

Paternity Leave

Team members are entitled to take up to 10 days of Paternity Leave which must be taken within the first two months of the child's birth.

- In the event that the mother has died, refuses to care for the child, or cannot take care of the child due to illness, injury, or other health-related reason up to the 42nd day of the

period following childbirth, the father (or another person who actually takes care of the child) will be entitled to leave for the period up to the 70th day of the child's life.

Paternity leave payment

- If eligible, GitLab will supplement your pay to ensure you receive 100% pay for up to 16 weeks of your leave.

Adoption Leave

For a family which has adopted a child up to 18 years of age, one of the adopters is entitled to 10 days of leave.

Mexico

- Contact: gxemployeeexperience@globalexpansion.com
- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Social Security

All workers employed in Mexico must be registered with and contribute to the following institutions that deal with different social security insurance benefits:

- Mexican Institute of Social Security (IMSS):
Provides medical services, child day care, accident and sickness compensation, pregnancy benefits and disability pensions
- National Workers' Housing Fund Institute (INFONAVIT):
Provides subsidized housing to employees as well as loans, and the Retirement Savings Program (SAR). SAR provides employees with retirement benefits when they reach 65 years of age. Employees in Mexico are covered by the Social Security Law, under IMSS who is responsible for administering social security insurance benefits and the collection of contributions.
- Both the employer and employee are required to contribute to social security, although the employer has the responsibility of withholding the employee's contribution.
- These contributions fund retirement pensions, health and maternity insurance, occupational risk, day-care, disability and life insurance, and unemployment/old age insurance.

Medical

For team members hired before October 1, 2024

Healthcare Monthly Allowance will be paid by GX as an allowance to the team members until December 31, 2024.

The allowance will 5000 USD per annum broken into monthly installments.

Health Insurance

- New hires as of October 1, will be able to opt into the GX Global Health plan by AXA.
- Team members who's allowance will be retired as of December 31, 2024 will be able to opt into the GX Global health plan by AXA.

- GitLab will cover 100% of the team members' cost and 66% of eligible dependent premiums.
- The AXA plan will be administered directly through GX.
- During the onboarding of a new hire, GX will collect the team member and eligible dependent's census for enrollment via the GX1 platform.
- Once the plan is implemented, the team member will receive the documentation along with a digital pass via a secure link directly from AXA.
- For any addition or modification a team member can reach out to the GX team at: gxemployeeexperience@globalexpansion.com.

Life Insurance

Life insurance cover provided via GX AXA plan

Monthly Remote Working Allowances

- Team members in Mexico will receive a monthly allocation of 2200 MXN for internet and electricity to support their remote work. These reimbursements are tax-exempt and will be reflected as a separate line item on your payslips to cover remote working expenses such as internet and electricity.
- Ergonomic Chair Allowance
Team members are entitled to a one-time claim of up to 3000MXN for the purchase of an ergonomic chair to support their comfort and health while working remotely.

Instructions for reimbursement is outlined in the Navan policy

Christmas Bonus (Aguinaldo)

- GitLab offers 30 working days pay (which includes total earnings + taxable allowances + commissions).
- Paid by December 20th
- Team members with less than one year of services will receive a pro-rated Christmas bonus.

Vacation Bonus

The vacation premium is an additional cash benefit given to employees for use on their vacation. It is calculated as a minimum of 25% of daily salary multiplied by the number of days of vacation. Employees who have provided one year of service must be afforded a minimum of 6 paid vacation days in their first year of employment. Two working days will be added to that vacation time every following year through the fourth year. After five years, employers are required to add two days of vacation time every five years.

- Please see the government website for more information

GX Leave policy

Annual leave (statutory)

Below is the information related to Mexico's statutory leave policies. Please note that team members hired in Mexico are hired via GX (PEO) and you should always check with GX first for the most up to date information.

Annual leave (statutory) 21 Days

Maternity leave

- Team members can take 12 weeks of Maternity Leave (6 weeks before the child is born and 6 weeks after birth) to run concurrently with GitLab's 16 week Parental Leave policy.

Maternity leave payment

- 12 weeks of the team member's Maternity Leave will be paid by the Mexican Social Security Institute (MSSI).

- GitLab Parental leave calculations: If eligible, will be supplemented up to 100% minus any MSSI payments received for up to the 16 weeks of leave.

For example: If the team member receives 80% of their pay from MSSI payments, GX will provide the remaining 20% of their pay during the normal payroll calendar.

Paternity leave

If eligible, the team member will receive 100% paid parental leave from GX for up to 16 weeks.

Applying for Parental leave

To initiate parental leave, submit your time off by selecting parental leave category in Workday - Time Off at least 30 days before the leave starts. Please familiarize yourself with GitLabs Parental leave policy.

Paternity leave payment

If eligible, team members will receive 100% paid Parental Leave from GitLab for up to 16 weeks.

Sick leave

Team members unable to work because of a nonwork-related injury or illness and who have made payments into the social security system for the four weeks before the condition developed are eligible for paid sick leave through the Social Security Institute. The benefit, which is 60% of an employee's regular wage, is paid from the fourth day of the illness for up to 52 weeks and maybe extended for another 52 weeks.

Philippines

- Contact: gxemployeeexperience@globalexpansion.com

- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Social Security System

The Philippine Social Security System has employer and team member contributions to cover benefits such as pension, unemployment, maternity disability, sickness, death and funeral.

Home Development Mutual Fund (HDMF)

The HDMF, also known as the Pag-IBIG Fund, is a provident savings system to provide affordable shelter financing to members employed by local / foreign-based employers as well as self-employed members.

Philippine Health Insurance Corporation (PhilHealth)

PhilHealth is a government corporation attached to the Department of Health. It provides health insurance coverage and ensures affordable & accessible health care services for all members.

Medical

Review the AXA Medical guide.

- Team members will be able to avail of GX's global health insurance plan through AXA. GitLab will cover 100% of the team members' cost and 66% of eligible dependent premiums.
- The AXA plan will be administered directly through GX.
- During the onboarding of a new hire, GX will collect the team member and eligible dependent's census for enrollment via the GX1 platform.
- Once the plan is implemented, the team member will receive the documentation along with a digital pass via a secure link directly from AXA
- For any addition or modification a team member can reach out to the GX team at: gxemployeeexperience@globalexpansion.com.

13th Month Pay

The 13th month pay is mandatory in the Philippines under the labor code and by Presidential Decree 851. Every level of team member is entitled to 13th month pay as long as they have worked at least one month during the calendar year. It is calculated as 1/12 of the total basic salary earned during the year. It has to be paid out by December 24 or the end of the contract, whichever is sooner.

GX Leave policy

Annual leave (statutory)

Team members are entitled to five days of paid vacation leave after 12 months of service, referred to as 'service incentive leave' by the Labour Code.

Parental Leave

Maternity leave

Team members can take up to 105 days of Maternity Leave. Team members may request an additional 30 days of unpaid Maternity Leave. Solo mothers have the option to extend by 15 days.

Maternity leave payment

- Team members may receive Maternity Leave payment from the SSS for up to 105 days.

- If eligible, GitLab will supplement your pay to ensure you receive 100% pay for up to 16 weeks of your leave.

Paternity Leave

Team members can take up 7 days of Paternity Leave or up to 14 days if the team member's wife allocates him 7 days of extra Paternity Leave.

Paternity leave payment

- Team members may receive Paternity Leave payment from the SSS for up to 7 days (if allocated from the wife's Maternity Leave payment).
- If eligible, GitLab will supplement your pay to ensure you receive 100% pay for up to 16 weeks of your leave.

Applying for Parental leave

To initiate parental leave, submit your time off by selecting parental leave category in Workday - Time Off at least 30 days before the leave starts. Please familiarize yourself with GitLabs Parental leave policy.

South Africa

- Contact: gxemployeeexperience@globalexpansion.com
- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Medical Allowance

Team members receive up to ZAR 5,000 /month for a single employee or up to ZAR 8,500/month for the employee and legal dependents (not a flat amount). Team Members are required to share proof of registration to the GX1 (Global Expansion) portal. If a team member has a change in cost, please ensure to upload the new proof of cost and cover to the GX1 (Global Expansion) portal and send an email to gxemployeeexperience@globalexpansion.com cc'ing total-rewards@gitlab.com to advise the new proof has been uploaded so that this can be adjusted on the next available payroll.

Once a year, Global Expansion may reach out to team members to complete an audit and request that team members upload proof of coverage and cost.

Provident fund

The employer (Global Expansion) and team member both pay 5% each to the Provident fund as contributions. Applicable tax laws provide that any contribution the employer makes is treated as a contribution made by the member. The contributions will qualify for a tax deduction in each tax year of assessment.

Life Insurance

Risk cover plan

GX Leave policy

Annual leave (statutory)

15 working days

Parental Leave

Below is the information related to South Africa's statutory leave policies. Please note that team members hired in South Africa are hired via GX (PEO) and you should always check with GX first for the most up to date information.

To initiate your parental leave, submit the dates via Workday under the Parental Leave category. This will prompt the Absence Management team to process your leave. You can find out more information about our Parental Leave policy on the general benefits page.

If you are eligible for GitLab's parental leave, your payments will be made up of payments from UIF and then supplemented up to 100%.

Please submit the dates of your leave in Workday by selecting the Parental Leave option. The Absence Management team will contact you with more information. Once you send your parental leave notification in Workday, the Absence Management team will notify GX. GX will then get in touch with you to explain the UIF payment claim process.

Maternity Leave

Female employees have a right to four months' maternity leave when they are pregnant. By law your employer is not obliged to give you paid maternity leave, but you are entitled to four consecutive months of maternity leave. The maternity leave may begin at any time from at least four weeks before the birth of the baby.

Paternity Leave

An employee, who is a parent of a child is entitled to 10 consecutive days of parental leave.

Applying for Parental leave at GitLab

To initiate parental leave, submit your time off by selecting parental leave category in Workday - Time Off at least 30 days before the leave starts. Please familiarize yourself with GitLabs Parental leave policy.

Sick Leave

Section 22(1) to 22(4) of South Africa's Employment Act stipulates that during each 36-month cycle starting from the first day at work, an employee is entitled to a paid sick leave. This should be equivalent to the exact number of days that they usually work in a typical 6-week period. Therefore, in case the employee works five days per week, then they are entitled to a

30-day sick leave on full pay. On the other hand, if the person works six days per week, then they will have a 36-day sick leave on full pay. When distributed across the three years, one may have a 10 to 12-days paid sick leave per year on average.

United Arab Emirates

- Contact: gxemployeeexperience@globalexansion.com
- Platform Instruction Guide

All benefits listed below are administered and managed by Global Expansion

Team members can find a more detailed breakdown of the benefits below here, but please note some of the allowances are dependent on circumstance, so figures may vary.

Allowances

- Housing Allowance
- Car Allowance
- Child Education Allowance

Housing Allowance

Team members are eligible for a housing allowance which is paid monthly and the details will be outlined in the employment agreement. If circumstances arise in which a lump sum is required before the employment start date, there may be an option to request the first 3 months up front (with the monthly amount for the remainder of the year being reduced accordingly). If this is required, the request will need to be sent to both GX and Total Rewards, where it will be reviewed. If approved, the conditions of this variation will be outlined in a separate letter.

Child Education Allowance

The Team Member's Child Education Allowance will be outlined in their agreement. The Child Education Allowance is provided for up to three children.

In order to be eligible for the allowance, the child(ren) must be the age of 18 or younger and be attending primary, preparatory or secondary school in the UAE. Higher education (i.e. college) is not covered under the child education allowance.

Upon your start date, please send total-rewards@gitlab.com a copy of the invoice for your child's schooling in order to verify attendance, and age.

It is the team member's responsibility to notify Total-Rewards when their child is no longer eligible in order to remove the allowance. If the team member neglects to inform Total-rewards in a timely manner, the team member would be responsible for repayment of the allowance.

Should a Team Member's dependent become eligible, the team member should notify Total-rewards@gitlab.com with a copy of the invoice for our child's schooling, and Total-Rewards will work with GX to update your allowance.

Annual Return Flights Home

UAE Team Members are eligible for Annual Return Flights Home for themselves and their dependents. Dependents are defined as the team member's spouse and child(ren).

The flights must be booked back to the team member's home country. With the exception of layovers no additional stops or travel may be added.

The annual flights do not roll over year to year, in the event that the team member does not use their flight that year.

Process on requesting return flights home

During onboarding the eligible team members will have a policy set up in Navan where the team member can book their flights home. More information on the policy can be found [here](#). The trip purpose should be selected as 'UAE - Annual Flights'.

Please refer to the GitLab Travel page of the Handbook on how to book flights through Navan.

Medical

Review the Medical Insurance Daman Premium Guide

- Team members will be able to avail of GX's global health insurance plan through Daman. GitLab will cover 100% of the team members' cost and of eligible dependent premiums.
- The Daman plan will be administered directly through GX.
- During the onboarding of a new hire, GX will collect the team member and eligible dependent's census for enrollment via the GX1 platform.
- For any addition or modification a team member can reach out to the GX team at: gxemployeeexperience@globalexpansion.com.

GX Leave policy

Annual Leave (Statutory)

Team members in UAE are entitled fully paid annual leave of

- 30 days/22 working days after one year of service
- 2 days per month after completing 6 months of service but have not worked a full year

Part-time team members are entitled to annual leave according to the actual working hours they spent at work, as specified in the employment contract, and in accordance with the 'Executive Regulations of the Labour Law'- Available in Arabic only- (PDF, 10.9 MB).

Sick Leave

Eligibility for a sick leave (paid and unpaid)

A UAE team member is entitled to a sick leave of not more than 90 days per year, only after the end of probationary period. The 90 days' sick leave can be continuous or intermittent, and the salary is paid as follows:

- full pay for the first 15 days.
- half pay for the next 30 days.
- no pay for the rest 45 days.

However, during the probationary period, the employee may get a sick leave without pay, subject to the approval of the employer and based on a medical report issued by the medical entity that stipulates the necessity of the leave.

Note: The above provisions are subject to conditions and do not apply to sick leave because of occupational illness.

Notifying your employer of a sick leave

According to Article 31 of the UAE Labour Law, the team member must notify the employer about their sickness within a maximum of three days and submit a medical report on their condition, issued by the medical entity.

Ineligibility for a paid sick leave

A team member is ineligible for a paid sick leave in the following situations:

- During probation period.
- If the illness directly arises from the misconduct of the worker, such as the consumption of alcohol or narcotics.
- If the worker violated the safety instructions in accordance with the effective legislations in the UAE, and the rules set out in the firm's regulations, which the employee was informed of.

Parental Leave

Team members of the private sector are entitled to a parental leave of 5 working days from the day of the birth of their child to six months. The parental leave is a paid leave that can be applied for by both mother and father of the baby.

To apply for leave, please enter the dates into Time Off by Deel and select the Parental Leave label. The Absence Management team will reach out to you with more information.

Sabbatical Leave (National Service).

As per UAE Labour Law, Emiratis working in the private sector are entitled to a paid sabbatical leave (extended break from work) to perform national service.

Maternity Leave

A female worker is entitled to a maternity leave of 60 days, out of which:

- 45 days will be fully-paid leave
- 15 days will be half-paid leave during the probation period

A female worker may apply for her maternity leave up to 30 days prior to the expected date of delivery.

In addition to the basic maternity leave above, she may take additional 45 without pay, if she has an illness as a result of pregnancy or childbirth, and is unable to resume work. The

illness must be proved via a medical certificate issued from the respective medical authority. These leave days can be consecutive or intermittent.

If the baby is sick or suffers from a disability, the female worker may take additional leaves of 30 days fully-paid. This leave can be extended for additional 30 days without pay. The illness or the disability of the child must be proved via a medical certificate issued from the respective medical authority.

After the female worker resumes work, she is entitled to one or two additional breaks each day for nursing her child. The duration of the two breaks must not exceed one hour. The woman is entitled to such breaks for 6 months following the date of delivery. Such breaks are fully paid for.

Applying for Parental leave at GitLab

To initiate parental leave, submit your time off by selecting parental leave category in Workday - Time Off at least 30 days before the leave starts. Please familiarize yourself with GitLabs Parental leave policy.

Bereavement Leave

A team member is entitled to:

- A paid leave of five days in the event of the death of spouse and
- A paid leave of three days in the event of the death of a parent, child, sibling, grandchild or grandparent.

Hajj Leave

Team members may be granted a special leave for the performance of Hajj under the provisions that the leave:

- Is given without pay
- May not exceed 30 days
- Is granted only once during the employment duration with the company.

SECTION: total-rewards/benefits/general-and-entity-benefits/global-upside-benefits-india.md

Can't find what you're looking for? Try the main People Operations page.

India

All of the benefits listed below are administered and managed by Global Upside. As part of the onboarding process Global Upside will reach out to team members in their first week to arrange setup and enrollment. Should you have any questions, please contact:

Email	Purpose

| gitlabpayroll@globalpeoservices.com | Payroll-related questions |
| gitlabHRSS@globalupside.com | All Other Queries (Benefits, Human Resources and Leave) |

Medical Benefits

- Group Medclaim Policy is arranged through ICICI Lombard and renews on May 29.
- 2024 Group Health (Floater) Insurance Policy which will take care of hospitalization expenses, the coverage provided is available for the team member, their spouse, up to two children, and dependent parents or parent in-laws. See additional details on the policy and definitions.
- Group Personal Accident policy including accidental death benefit.
- For additional information on how 2024 Benefits operate, please check out the documentation on the Google Drive.

Pension

Global Upside has a provident fund that the members pay to the government. This is included in the CTC. It ensures retirement benefits and family pensions on death in service. EPF benefits typically extend to all team members in an organization

- Member Contribution(% of base salary):
 - EPF: 3.67% and EPS: 8.33%, Total Contribution: 12%
- Employer Contribution(% of base salary):
 - EPF: 12%, EPS: None

Salary Ceiling: EPF: Mandatory contribution remains up to a monthly salary ceiling of INR15,000

Life Insurance

Most companies in India do not offer life insurance as part of the benefits package. Global Upside, similarly, does not offer a life insurance plan to GitLab team members. Most workers in India will typically get their own life insurance which can be portable throughout their lifetime.

Meal Vouchers

Sodexo Meal Cards are an optional benefit. These Meal Cards work like a Debit Card, which can be used at any outlet selling food items and non-alcoholic beverages that accept card payments. If you would like purchase these a deduction from salary will be made each month. All team members are given the option to opt-in for Sodexo cards during the pre-onboarding process managed by the CES (Candidate Experience Specialist) team.

Global Upside India Parental Leave

Statutory Leave Entitlement

Maternity Leave: Team members can take up to 26 weeks of Maternity Leave (for up to 2 occasions).

Paternity Leave: There is no statutory entitlement for paternity leave, but team members are

eligible for GitLab's Parental Leave policy.

Maternity Leave Payment

- If you are eligible, you will receive 100% paid Parental Leave from GitLab for up to 26 weeks.
- Every female team member availing maternity leave is eligible for an insurance coverage of INR 50,000 for expenses related to delivery.

Paternity Leave Payment

- If you are eligible, you will receive 100% paid Parental Leave from GitLab for up to 16 weeks.

Applying for Parental Leave in India

To initiate your parental leave, submit your time off by selecting Parental Leave Workday at least 30 days before your leave starts. Please familiarize yourself with GitLab's Parental Leave policy.

Gratuity

Gratuity is a statutory offering in India per The Payment of Gratuity Act, 1972 which is offered through Global Upside based on the Global Upside hire date.

Loyalty Bonus Scheme

GitLab has implemented a private loyalty bonus scheme since some team members have been contracted through different employment types as we have worked through country conversion processes. Therefore, the GitLab Loyalty Bonus Scheme will supplement gratuity based on the GitLab hire date vs the PEO hire date.

Eligibility: One can only claim Loyalty Bonus after retirement or resign from the service after completing 5 years of continuous service.

Forfeiture of Loyalty Bonus: The full amount of Loyalty Bonus can be forfeited if a team member's services have been terminated due to: a) Riotous or disorderly conduct or any other violent act; b) Committing an offence involving moral turpitude.

Calculation of Loyalty Bonus:

Loyalty Bonus Amount = Gratuity Calculation using GitLab Hire Date + Gratuity Calculation using PEO Hire Date

The duration for Gratuity Calculation using GitLab Hire Date is the duration prior to the hire date of the PEO

Note: The Loyalty Bonus Amount is provided by GitLab to the team members. Any amount which GitLab will pay as Loyalty Bonus would be fully taxable for the team members.

Total Rewards Responsibilities:

- Maintain Gratuity Calculation sheet
- Update the sheet every month
- Send an email to Accounts team on or before 5th of every month to calculate the accruals.

SECTION: total-rewards/benefits/general-and-entity-benefits/korea-ltd-benefits.md

Medical

GitLab does not plan to offer Private Health Insurance at this time because all the Korean team members will be covered by a statutory benefit known as National Health Insurance (NHI). This health insurance scheme covers all the team members and their family members.

Pension

GitLab does not plan to offer pension benefit at this time as team members registered to the Korea's Social Security Program are also registered with the National Pension Scheme.

Life Insurance

GitLab does not plan to offer life insurance at this time as team members can access the benefits from Social insurance system.

GitLab Korea LTD Parental Leave

Statutory Leave Entitlement

Maternity Leave: Team member can take up to 90 days (120 days in case of multiple births). The start date can be agreed by the employer and team member, however 45 (60 in the case of multiple births) calendar days of leave must be taken immediately after the date of delivery.

Maternity leave should be granted even in the case of miscarriage or stillbirth as follows:

- within 11 weeks into pregnancy: Five days of leave from the date of miscarriage or stillbirth
- 12-15 weeks into pregnancy: 10 days' leave from the miscarriage or stillbirth date
- 16-21 weeks into pregnancy: 30 days' leave from the miscarriage or stillbirth date
- 22-27 weeks into pregnancy: 60 days' leave from the miscarriage or stillbirth date
- 28+ weeks into pregnancy: 90 days' leave from the miscarriage or stillbirth date

Paternity Leave: Team members can take 10 days of Paternity Leave after the delivery date. The Paternity Leave can be used within 90 days after the delivery date and this leave can be used separately, split into a maximum of two periods.

Parental Leave (Child Care Leave): Parents who have worked for an employer for more than one year may be eligible for parental leave.

- Such leave applies to parents whose children are under six years old

- Each parent is eligible for up to one year of leave
- Parents cannot take leave at the same time
- The parent is entitled to 40% of his/her monthly income from Employment Insurance Fund

Maternity Leave Payment

The first 60 days (75 days in case of multiple births) are calculated based on the regular wage by the employer and the remaining 30 days are covered by the Employment Insurance Fund. If you are eligible, GitLab will supplement insurance payments to ensure you receive 100% pay for up to 16 weeks of your Parental Leave.

Paternity Leave Payment

If you are eligible, you will receive 100% paid Parental Leave from GitLab for up to 16 weeks.

Applying for Parental Leave in Korea

To initiate your parental leave, submit your time off by selecting the Parental Leave category in Workday at least 30 days before your leave starts. Please familiarize yourself with GitLab's Parental Leave policy.

SECTION: total-rewards/benefits/general-and-entity-benefits/ltd-benefits-uk.md

Can't find what you're looking for? Try the main People Operations page.

For any queries related to UK benefits, please reach out to HelpLab for further assistance.

Medical Insurance

For UK-based team members, GitLab provides 100% paid membership of medical insurance with AXA PPP. This private medical insurance level is named Business Health Select with core cover. Family members can be added to the insurance and GitLab will pay 66% of the cost to include them.

Please note: team members enrolled will still be responsible for the BIK ("Benefits in-Kind") taxes on their healthcare coverage. If you have questions on your BIK taxes, please reach out via HelpLab.

Further information can also be found in the AXA PPP Brochure.

AXA hosted a webinar for GitLab Team Members on 2025-03-19. Team Members can watch the recording [here](#)

Enrollment

Please let the Total Rewards team know if you would like to join the scheme via email to total-rewards@gitlab.com and Lisa.Holland@wtwco.com. Include the following details:

1. Full name
1. Date of Birth

1. Current address

1. Employee ID

1. Dependent Details if you'd like to add them to the plan (Full Name, DOB, and address).

Team members who join the plan prior to the 24th of the month will have the BIK and deductions reported in full for that month, team members who join after the 24th of the will see deductions and BIK reporting begin the following month.

If you wish to add/remove dependents after you have joined the AXA plan, please reach out to total-rewards@gitlab.com and Lisa.Holland@wtwco.com confirming your dependent details (Full Name, DOB, and address).

Please note that it can take 7 - 10 working days to receive a reply and confirmation from AXA PPP.

Coverage Details

The current coverage includes:

- Full outpatient cover
- £0 Excess (meaning that employees are fully covered)
- Extra covers (all included)
 - Therapies cover option
 - Mental Health cover option
 - Extra Care option includes hospital at home, cash benefit, oral surgery, chiropody
 - Extra Cancer care option
 - Dental £400 (80%)
 - Optical £200 (80%)
 - £25 a year for eye test
- Virtual GP appointments · DR@Hand

Please note: the AXA plan underwriting is based on a MHD (Medical History Disregarded) basis, meaning that pre-existing medical conditions that existed prior to the date on which the individual joined the AXA scheme will be covered for treatment (subject to the rules and benefits of the AXA policy, please review your AXA membership package sent by AXA for further reference).

\ Current team members enrolled and new joiners to the AXA plan will have cover for treatment of pre-existing medical issues they may have had before joining, without being a member for two years or being required to have 12 consecutive months of "trouble-free" from when the condition began (pre-existing moratorium terms no longer apply).

For additional details regarding coverage please review the AXA Coverage Summary.

For claims assistance, please contact HelpLab. While we are unable to take over the claims process on behalf of the team member, our broker can assist in reaching out to AXA to escalate.

Please also note that this is a taxable benefit. Team members enrolled will still be responsible for the BIK ("Benefits in-Kind") taxes on their healthcare coverage.

Medical Premiums and Benefit In Kind Reporting

Please see the Annual 2025 Rates effective 2025-03-01:

Tier	Total	GitLab's Cover	Benefit in Kind Value	Team Member Cost	34% of Dependent Cost
Team Member Only	£958.00	£958.00	£0		
Team Member + Spouse	£1,916.00	£1,590.28	£325.72		
Team Member + Child	£1,629.00	£1,400.86	£228.14		
Family	£2,587.00	£2,033.14	£553.86		

Please see the Monthly 2025 Rates effective 2025-03-01:

Tier	Total	GitLab's Cover	Benefit in Kind Value	Team Member Cost	34% of Dependent Cost
Team Member Only	£79.83	£79.83	£0		
Team Member + Spouse	£159.67	£132.52	£27.14		
Team Member + Child	£135.75	£116.74	£19.01		
Family	£215.58	£169.43	£46.16		

The Team Member cost will be deducted from their paycheck on a monthly basis. The Benefit in Kind amount will be reported on a monthly basis and team members will be taxed on the value of the benefit. An audit and reconciliation of Benefit in Kind reporting and Deductions will occur annually around February.

Vision

As GitLab team members work (DSE) display screens equipment on a regular basis, GitLab will reimburse team members for a full eye examination and vision test up to 30 GBP.

If the test shows that the team member needs corrective lenses exclusively for DSE work, GitLab will reimburse towards the cost of a basic pair of frames and lenses (i.e. not designer lenses) up to 120 GBP.

The team member needs to provide documentation (a prescription) from the optician that confirms if the lenses are specifically required for reading a display screen only (this is normally a very small proportion of users) and not required for general day to day use.

If you are enrolled in the AXA Medical plan, please submit any eligible claims through the plan first, any out of pocket cost not covered by the plan can be reimbursed up to the max amount in accordance to the Vision policy.

Please submit your receipts via Navan and prescription to Total Rewards.

Life Insurance

Life Insurance provides peace of mind for you and your loved ones with a tax-free lump sum payout in the event of your untimely death, helping to relieve financial concern during a time of grief. GitLab offers Life Insurance via Unum to all team members between age 16 and State Pension Age.

Team Members are automatically enrolled in to the pension benefit of 4x basic annual salary up to the Free Cover Limit. Team Members with a base salary of £375,000 or higher will need to apply for a medical assessment to receive cover over the Free Cover Limit. Please reach out to Total Rewards if you are eligible and wish to apply for the additional cover. Please see the Life Insurance Policy User Guide

To designate a beneficiary for this benefit, please complete the Expression of Wishes Form. The completed version will be sent to you via email, please ensure to sign and date it. Once fully completed, please upload the form to your Workday profile Document Category: Benefit Documents and Forms.

Unum Life Insurance policyholders have access to a range of support services including Cancer Assist - in-the-moment, personalised guidance from cancer experts Reframe. For more information see Unum's Life Wellbeing Checklist

See additional details on the Life Insurance Policy.

Employee Assistance Program (EAP)

As part of the life insurance benefit, Unum also offers an Employee Assistance Program for those based in the United Kingdom. For information on how to use the EAP, please see the following document in the google drive.

Help @ Hand

As part of the life insurance benefit, Unum also offers Help@hand providing you and your family with fast, direct access to medical experts through one easy-to-use app, including:

- Remote GPs
- Physiotherapy
- Mental Health Support
- Medical Second Opinions
- Life, money, and well-being support

New Team Members should expect an enrollment email from Help@Hand the first week of the month following their hire date.

Income Protection

Income Protection provides financial support if you're unable to work due to illness or injury for a specified length of time, and aims to help you, your family and others who depend on the money you earn. GitLab's policy with Unum will help us to ensure you receive a percentage of your income if you can't work because of illness or injury. It also includes direct access to expert Vocational Rehabilitation Consultants who can support you while you're off and ease your return to work. See more details on the Income Protection Policy. Please see the Income Protection User Guide

All team members (between age 16 and State Pension Age) are automatically enrolled in Income Protection of 66% of base salary up to the Free Cover Limit payable after you've been absent for 13 weeks effective as of the date of hire. Employees with a base salary of £226,000 or

higher will need to apply for a medical assessment to receive cover over the Free Cover Limit. Please reach out to Total Rewards if you are eligible and wish to apply for the additional cover.

Group Income Protection (GIP) from Unum provides a unique combination of expert wellbeing, absence management and in-house vocational rehabilitation services. Please see GIP Wellbeing Checklist detailing Unum's holistic suite of support services.

Please reach out to Total Rewards for information on how to use your Income Protection benefit with Unum. Payments are made exactly like your salary, and tax and National Insurance contributions are deducted in the usual way. If you are absent due to illness or injury on the day your cover or an increase in cover is due to begin, you may not be eligible until you return to active work in your usual role.

Pension Introduction

GitLab provides and contributes into an Auto-Enrollment personal pension scheme with Scottish Widows

Willis Towers Watson act as employee benefit advisers to the GitLab GPPP and although cannot provide you with financial advice are available to explain the details of the GitLab GPPP and answer any questions you may have.

Willis Towers Watson

3 Temple Quay, Temple Back East, Bristol, BS1 6DZ
Nick Allen, Associate Director
Direct Line: 07920 213595
E-mail: nick.allen@wtwco.com

Please refer to the Company Pension Plan FAQ for additional information on the plan. Please note that all eligible team members will be auto-enrolled in the scheme. Please also watch the 2022 UK Pension Webinar for an overview of UK Pension System.

Salary Sacrifice

Team Members who have signed a UK Employment contract after 13 December 2022 will be automatically enrolled in to Company Pension Scheme via Salary Exchange. Please note that if you signed your contract prior to 13 December 2022 will have to request to opt in to the Salary Sacrifice Scheme. You can do so by submitting a HelpLab Ticket. The Total Rewards team will review the request to approve, and send it to the Non-US Payroll team to process. As part of this Salary Exchange offering GitLab will be passing on their employer NI saving to you as an employee in the form of an increased pension contribution. You can find more information in the following document detailing the benefits and potential disadvantages of changing to a Salary Exchange arrangement.

Salary Sacrifice FAQ

- Can we change the amount during the period we're contracted for salary exchange?
- Yes it is possible to change the amount/increase your employee percent

- What happens if our 'actual' salary changes during the period?
 - Your employee contribution is a percent of basic pay so if your basic pay increase the pension contribution will too.
- What happens if we receive a discretionary bonus?
 - Your definition of pensionable pay is basic salary the percent will not automatically be applied to the bonus. Should you wish to contribute part of you bonus to your pension pot you can do that.
- Is it possible to start from any month?
 - Yes it is; it would be processed on the next available payroll.
- How do I opt in or out or make changes to my salary sacrifice amount?
 - Team Members who have signed a UK Employment contract after 13 December 2022 will be automatically enrolled in to Company Pension Scheme via Salary Exchange. Please note that if you signed your contract prior to 13 December 2022 will have to request to opt in to the Salary Sacrifice Scheme. You can do so by submitting a HelpLab Ticket. The Total Rewards team will review the request to approve, and send it to the Non-US Payroll team to process.

Auto-Enrollment

Auto-enrollment is a scheme brought in by the Government as they want everyone to save more for their retirement. Employees will receive a letter from GitLab informing them when they have been auto enrolled in the scheme. As this is now law, employees will be auto enrolled into the GitLab UK Group Personal Pension Scheme from January 1, 2018 or as soon as they join the company if:

- Earnings are over £10,000 a year
- Employees are aged 22 or over; and
- Are under the state pension age

If an employee does not meet these criteria then they will be considered an Entitled Worker (earn less than £6,240 p.a) or a Non-Eligible Jobholder (earn between £6,240 and £10,000 p.a).

- Entitled workers must be offered the opportunity to join the pension scheme. They can make contributions to the pension scheme if they choose. However, there is no requirement for GitLab to make a contribution
- Non-Eligible jobholders must be offered the opportunity to opt in to an automatic enrollment scheme.

</details>

<details markdown="1">

<summary>Scottish Widows Group Personal Pension Scheme & Enrollment</summary>

The following process is followed by GitLab People Operations to join the Scheme during onboarding:

- During onboarding, the People Connect Team informs Papaya Payroll of a new hire that joined the company in the UK.
- Once Papaya payroll has this information, the employee will be set up on the payroll and added to the pension file for Scottish Widows in preparation to be uploaded.

- The pension file is sent to Scottish Widows around the end of 6th of each month and will include any joiners/changes/leavers from the previous month's payroll run. For example everyone who has been included on the pension file in October (the cut off is 15th October) Scottish Widows will be notified around 6th November
- Any employee who joins after 20th or has not been included on the pension file will be picked up in the following month's file.
- Scottish Widows receive the pension file around 6th of each month and will process all joiners/changes/leavers accordingly.
- New joiners should expect to receive their welcome pack in the mail within 14 working days after Scottish Widows receives the pension file.

When an employee joins the scheme they will be sent a welcome pack in the post stating that they are now a scheme member, it will also have their login details. Employees can login to access their own personal fund and can make adjustments as they see fit.

If the team member hasn't received their Scottish Widows package in the mail within their first 2 months of their joining date, they can log on to their Scottish Widows Portal. Select 'Register Now', and fill out your details (no need to fill out the Policy Number, as you can use your National Insurance Number instead). Please do not try to log in via the portal before Papaya has uploaded your information in accordance to the schedule above, as you will be denied access.

</details>

Some other key points of the scheme are as follows:

- The default fund is the Scottish Widows Pension Investment Approach - Balanced.
- There are over 50 funds and 9 lifestyle profile options
- This is a personal pension which means it can be taken with the employee if they leave GitLab
- Employees will receive tax relief on their contributions, between 20% and 45% depending on their current income tax band
- Each individual plan has an Annual Management Charges (AMC) of 0.60% per annum.
- There are no charges on contributions or transfers into the plan
- There are no charges on transfers out of the plan
- Scottish Widows has a workplace pension webpage with lots of documentation about the scheme. Find the URL in this document.

Pension Contribution Percentages

The certification level that has been chosen is basic salary only and will not include commission, bonuses or any over time payments. The contributions will be paid monthly and will be shown on the pay-slips.

- From April 6, 2019 to a minimum of:
 - Employee: 5% of basic salary
 - GitLab: 4% of basic salary
- As your contribution is a percentage of your pay, the amounts will automatically increase or decrease in accordance with your basic pay. These contributions will be taken from your pay and will include tax relief.

- You may increase the contribution percentage you pay by contacting Non US Payroll team via HelpLab. Please note the company contribution will remain fixed as above. The standard Annual Allowance for the 2025/2026 year is £60,000 p.a. The Annual Allowance includes all contributions, both employer and employee payable to the pension plan in the tax year. You may carry forward unused Annual Allowance for up to three tax years. Your Annual Allowance will be reduced if your Adjusted Income exceeds £260,000 or if you 'flexibly access' pension benefits from a Defined Contribution pension arrangement. Please see the Annual Allowance Fact Sheet.
- These percentages are gross percentages using the relief at source method. As basic rate tax relief is then added by the pension provider, the amount on your payslip will typically be the net amount, which is 80% of the employee's contribution.

These contribution percentages are in line with The Pension Regulator's Auto-enrollment legislation.

Should the government's minimum contribution standards change further GitLab will contact you to advise the new levels to comply with legislation.

</details>

<details markdown="1">

<summary>Opting Out</summary>

If you decide to opt out of the scheme you can do this within one month of the enrollment date by following the instructions in the information from Scottish Widows. The Opt Out deadlines are:

- You have four weeks from when the Scottish Widows welcome letter is dated.
- If you do opt out by this date, any contributions that have already been taken from your pay will be returned to you and you'll be treated as if you had never joined the pension scheme.
- If you don't opt out by this date, you can stop contributing at any time, in accordance with the pension scheme rules. If you do this, both your contributions and GitLab's, up to that point, will remain invested in your pension pot until you take your benefits.
- You can opt-out by completing the Scottish Widows Opt-out form for Group Pension Scheme. The form must be completed, then returned to Total Rewards at total-rewards@gitlab.com
- The pension provider will also be able to tell you when the one month opt-out period started, if you aren't sure.
- An opt-out from the pension scheme normally lasts for three years. If you've opted out, or stopped contributions to the scheme, GitLab is required to automatically enroll you into the scheme at a later date (normally every three years).

</details>

<details markdown="1">

<summary>Re-joining</summary>

If you decide to re-join the scheme you can do so by submitting a HelpLab Ticket. You will be asked to write a letter or send an email from your personal email address. The letter will need to include the phrase I confirm I personally submitted this notice to join a workplace pension

scheme. You can only re-join once in any 12 month period.

</details>

Contacts

You can find all the information on the pension scheme including FAQs, understanding your pension, Investment Choices and Tools and Calculators at:

Scottish Widows:

- www.scottishwidows.co.uk/gppae
- (t) 0345 755 6557

You can also reach out to Willis Towers Watson to explain the details of the GitLab GPPP and answer any questions you may have.

E-mail: nick.allen@wtwco.com

Reports

Each month payroll will provide reports to People Operations that need to be kept for compliance. These will be filed in the Auto-Enrollment Pension folder on the Google Drive, accessible only to the People Operations team.

Changing the Pension Scheme Investment Approach

There's a workplace pension webpage linked from this pdf that contains information about all the options available.

When your policy is first set up, it'll be set to:

- 'Pension Investment Approach' (PIA)
- A lifestyle switching approach for managing your investments as you approach retirement.
- A default investment fund (such as 'Scottish Widows Pension Portfolio Two Pension')

The policy website will tell you:

> Although you are currently invested in a Pension Investment Approach you also have other options such as investing in our range of individual funds or changing to a Premier Pension Investment Approach.

Read about all these investment options, and the funds available, on the workplace pension webpage.

Changing your investment approach or funds could adversely affect your retirement income. Get advice, such as from Oakley Financial.

Selecting funds online

This is an advanced feature that carries significant risk. For team-members comfortable with this, it's not obvious how to enable it.

To access 'investing in our range of individual funds' online you need to call Scottish Widows, and ask:

- To come out of the lifestyle approach.
- To come out of 'Pension Investment Approach' (PIA)
- For online access to the range of funds.

The change may take a couple of days to come into effect, and they'll write and confirm the change.

Having enabled online fund management, you can search for and select the funds on the policy website.

The workplace pension page also has a link to a fund list, plus a PDF which explains:

- The different groups of funds Scottish Widows offers.
- A summary of each fund.

A fund fact sheet is provided for each fund with usual information such as previous performance.

Management charges vary by fund and are not on the fact sheets: use the charges sheet tool on the workplace pension page..

Bike to Work/Tax Saver Commuter Scheme

GitLab uses TravelHub to assist with the administration of the bike to work/tax saver commuter scheme. The GitLab specific online portal can be found at GitLab Travel Hub. Team members will need to register and account to enter the GitLab specific online portal.

See the Bike To Work Flyer and the Bike To Work Employee site for more details

The Bike to Work limit is £3000 for the total cost of the bicycle and accessories. The scheme may be availed once in 4 consecutive tax years.

Bike Applications

Once your account is created, select a Bike to Work UK partner shop.

Pick the new bike and accessories if required.

Upload the quote received from the bike ship to the TravelHub portal to have the order approved.

The Total Rewards team will receive an email with the request to login, review, and approve the application (credentials can be found in 1password). Please note that all payments should be made to TravelHub directly and not to the supplier chosen by staff. TravelHub will pay the supplier once the employee has received their Bike or Ticket.

Total Rewards will notify payroll to reduce the team member's gross salary by the cost of the bike using a Salary Sacrifice Agreement.

GitLab LTD United Kingdom Leave Policy

Sick Leave

Team members are entitled to Statutory Sick Pay ("SSP") for up to 28 weeks, to be paid by GitLab. SSP is paid when a team member is sick for at least 4 days in a row (including non-working days); however, team members are not entitled to SSP for the first three "waiting" days.

- A team member who is out sick for at least four days, but no more than 7 days will need to complete a Company Self-Certification Form and return it to leaves@gitlab.com.
- Team members who will be out sick for more than 7 days must provide a fit note and notify the Absence Management team at leaves@gitlab.com as soon as possible.
- Team members who have received SSP in the last 8 weeks who need additional sick pay will be paid for waiting days, including the initial 3-day period of the second leave.
- Sick Leave runs concurrently with GitLab PTO. Team members must designate any time off for illness as Out Sick in Workday to ensure that annual sick leave entitlement is properly tracked. GitLab PTO is inclusive of any entitlement in respect of statutory sick pay.

Statutory Vacation Leave

Team members are entitled to at least 28 vacation days which consist of 20 days of standard annual leave plus 8 public holidays. These days will accrue from the team member's start date.

- Entitlement to vacation leave is pro rata for any part-time team members based on hours worked.
- It is important for UK team members to utilize time off for public holidays as the total amount of annual leave is accrued here inclusive of public holidays.
- Team members must designate any vacation time taken as Paid Time Off in Workday to ensure that vacation entitlement is properly tracked.
- Under normal circumstances, there is no carryover for unused vacation days, with exceptions where a team member cannot take annual leave due to sickness or maternity leave.

Parental Leave

This section details the statutory maternity, paternity, parental, and adoption leave as offered by the UK Government. For more information, please review the government's webpage.

Note: GitLab offers up to 16 weeks of paid general parental leave benefit where, if eligible, statutory pay is supplemented up to 100% regular salary.

Statutory Maternity Leave: Team members can take up to 52 weeks of Maternity Leave.

- The earliest that the Maternity Leave can start is 11 weeks before the expected week of childbirth.
 - If the baby is early, maternity leave will start the day after childbirth
 - Maternity leave will begin automatically if the team member is off work for a pregnancy-

related illness in the 4 weeks before the expected week of childbirth.

- Team members are not required to take the full 52 weeks of maternity leave, but must take at least 2 weeks of leave after the baby is born. Team members should give at least eight weeks' notice if they would like to change their return to work date.

Statutory Paternity Leave: Team members can take up to 2 weeks of Paternity Leave or up to 50 weeks of Shared Parental Leave. Paternity Leave cannot be taken after Shared Parental Leave.

- Eligibility:

You must be taking time off to look after the child and be one of the following:

- the father
- the husband or partner of the mother (or adopter) - this includes same-sex partners
- the child's adopter
- the intended parent (if you're having a baby through a surrogacy arrangement)

There are extra conditions you need to meet to qualify for leave and pay.

Statutory Adoption Leave: Team members can take up to 52 weeks of Adoption Leave.

- Leave can start:

- up to 14 days before the expected placement date
- when a team member has been matched with a child by a UK adoption agency
- when the child arrives in the UK or within 28 days of this date (for overseas adoptions)
- the day the child is born or the day after (for parents in surrogacy arrangements).
- Only one person in a couple can take adoption leave. The other parent may be entitled to take paternity leave.
- Team members must notify the Absence Management team at leaves@gitlab.com within 28 days if the date of placement (or UK arrival date for overseas adoptions) changes.
- Team members should give at least 8 weeks' notice if they would like to change their return to work date.

Maternity Leave Payment

Team members can receive Statutory Maternity Pay for up to 39 weeks:

- Eligibility:

- Team members must have continuous employment with GitLab for at least 26 weeks leading up to the "qualifying week" (15th week before the expected week of childbirth).
- Eligible team members are entitled to:
 - 90% of the team member's average weekly earnings (before tax) for the first 6 weeks.
 - £172.48 or 90% of the team member's average weekly earnings (whichever is lower) for the next 33 weeks. This also applies to the leave amounts provided for Paternity Leave and Adoption Leave.

To apply for Maternity Leave:

- Submit your time off by selecting the Parental Leave category in Workday at least 30 days before your leave starts.
- Send the Absence Management team at leaves@gitlab.com a completed MATB1 Certificate no later

than 21 days before your leave start date.

- The Absence Management team will then complete a Risk Assessment Form within 1-3 days of receiving notification of your leave. The purpose of the assessment is to make the team member aware of any hazards or "risks" to her in the workplace/home office to reduce potential injury to her or her baby.
 - The Absence Management team will notify payroll and email Vistra a copy of the MATB1, start date of leave, and outline what pay the team member is eligible for (statutory, supplemental, etc). Payroll will then automatically calculate the SMP due each pay period based on this information. The recovery of 90% will be outlined on the monthly payroll spreadsheet so that the finance team has indication of the amounts being offset each month.
 - Payroll will continue to be the same while on parental leave but Vistra will file for reimbursement of any statutory funds once the proper paperwork has been sent.
- If you do not qualify for Statutory Maternity Pay, you may qualify for Maternity Allowance.

Paternity Leave Payment

Team members can receive Statutory Paternity Pay for up to 2 weeks or up to 37 weeks if taking Shared Parental Leave:

- Eligibility:
 - Team members must have been continuously employed with GitLab for at least 26 weeks leading up to the "qualifying week" (15th week before the baby is due or the matching week if adopting).
- Eligible team members are entitled to:
 - £172.48 or 90% of the team member's average weekly earnings (whichever is lower) for up to 2 weeks OR up to 37 weeks if taking Shared Parental Leave.

To apply for Paternity Leave:

- Submit your time off by selecting the Parental Leave category in Workday at least 30 days before your leave starts.
- Send the Absence Management team at leaves@gitlab.com a completed SPP Form if applying for Statutory Paternity Pay or one of the SPL Forms if applying for Shared Parental Leave pay.
- The Absence Management team will notify payroll and email Vistra a copy of the form, dates of leave and outline what pay the team member is eligible for (statutory, supplemental, etc).

Adoption Leave Payment

Team members can receive statutory adoption pay for up to 39 weeks:

- Eligibility:
 - Team members must have had continuous employment with GitLab for at least 26 weeks leading up to the week they were matched with the child.
- Eligible team members are entitled to:
 - 90% of your average weekly earnings (before tax) for the first 6 weeks
 - £172.48 or 90% of your average weekly earnings (whichever is lower) for the next 33 weeks

To apply for Adoption Leave:

- Submit your time off by selecting the Parental Leave category in Workday at least 30 days

before your leave starts.

- The Absence Management team will notify payroll and ema
