With medical plans, GitLab offers pregnancy and maternity care. Depending on the plan you selected, your coverages may differ for in-network vs out-of-network, visits, and inpatient care. To learn more about Parental Leave, please refer to our Parental Leave policy. Once your child has arrived, please follow the steps outlined above in regard to this Qualifying Life Event.

You may need a reasonable accommodation during your pregnancy. For more information regarding GitLab's Pregnancy Accommodation policy, please also refer to our Individuals with Disabilities policy.

</details>

Dental

Dental is provided by Cigna, plan: DPPO. GitLab offers a Base and Buy-Up Dental Plans

Dental does not come with individualized insurance cards from Cigna, although you can download them by setting up a Cigna account through the Cigna website. Cigna's site and app will house individualized ID cards team members can access at any time. For the most part, dental providers do not request or require ID cards as they look up insurance through your social security number.

<details markdown="1">

Basic Life Insurance and AD&D

GitLab offers company paid basic life and accidental death and dismemberment (AD&D) plans through Cigna which is a subsidiary of New York Life. The Company pays for basic life insurance coverage valued at two times annual base salary with a maximum benefit of \$500,000, which includes an equal amount of AD&D coverage. Please find additional details, limitations, and exclusions on the summary of benefits and the Life Insurance Flyer and AD&D Insurance Flyer

Inclusive of the life insurance policy is survivor assurance and support

Employee Assistance Program

Under the New York Life Group Benefit, US Team Members also have access to the New York Life Employee Assistance Program. The Program includes:

- Visits with a specialist: 3 face to face sessions with a behavioral counselor
- Legal Consultations and referrals: a free 30 minute consultation with a network attorney and up to 25% discount on select fees
- [Financial Consultations](https://drive.google.com/file/d/1B8Uh9OZq7BqoZ0PbeuDbwTRVCzrWunhR/v)

iew?usp=sharing): a free 30 minute consultation and a 25% discount on tax planning and preparation

- An advocate that can help assess your needs, develop solutions, direct you to resources and more!

- [Health Advocacy]

(<https://drive.google.com/file/d/1ycM4zFn3Cj41SnwtPGJCEQ9ndBkwgEBI/view?usp=sharing>)

- Additional travel protection (separate from the company business travel policy)

For more information and how to access these benefits, please see the EAP flyer

GitLab team members in the United States are also eligible for a complementary Employee Assistance program, dependents who are enrolled in a Cigna coverage are also eligible. More information can be found online on myCigna for the following topics: Emotional Health and Family Support, Home Life Referrals, Financial and Legal Assistance, Job and Career Support, and other topics.

Group Long-Term and Short-Term Disability Insurance

GitLab provides, at no cost to our Inc and Federal team members, a disability policy through NY Life that may replace up to 66.7% of your base salary, for qualifying disabilities. For short-term disability there is a weekly maximum benefit of \$2,500; for long-term disability, there is a monthly benefit maximum of \$12,500.

Short-term disability insurance has a 7-calendar day waiting period before payments begin. Benefits coverage (medical, dental, vision, etc.) and vesting will continue for the time the team member is receiving short-term disability pay.

See the disability insurance flyer for a summary of the plans.

</details>

<details markdown="1">

<summary>GitLab Process for Disability Claims</summary>

1. Team Members unable to work due to disability, as defined by the applicable short-term disability plan, should contact the Absence Management team (leaves@gitlab.com) as soon as possible. See Sick Time reporting procedures in the US.

1. The Absence Management team will complete the Employer portion of the Short-Term disability application and email the completed portion along with the Assignment of Benefits form.

1. At the end of the maximum benefit period for short-term disability of 12 weeks, the team member will determine whether they are able to return back to work.

- If the team member intends to return on or before the end of the 12 weeks, they should email leaves@gitlab.com a Return to Work authorization form from their physician stating that they are able to return to work and listing any accommodations needed, if applicable, at least 5 calendar days before their return date. The Absence Management team will request this at least 5 business days before the team member's anticipated return to work date if not already provided by the team member.

- If the team member is unable to return, the team member will be moved to unpaid leave and will have the option to continue their benefits by electing COBRA coverage. The team member

will be eligible to apply for long-term disability at this time.

</details>

<details markdown="1">

<summary>Short-Term Disability Claim Process via NYLife</summary>

1. Team member will submit the Claimant portion of the Short-Term Disability application and remit to their physician to complete the rest.

- The completed application can be sent directly to NYLife (using the mail or fax number at the top of the form) or can be returned to the Absence Management team and will be submitted on the team member's behalf.

- This is completely at the preference of the team member or the requirement from the doctor, but the team member should confirm the choice with the Absence Management team.

1. If the team member opts to send the form directly to NYLife, the Absence Management team will email the completed employer portion of the Short-Term Disability form to NYLife via email: GBSIntakePaper@newyorklife.com.

1. NYLife Claims Process:

- Within 3 business days of NYLife receiving the claim, their claims team will contact the team member to gather additional medical or eligibility data, if needed.

- The claims team will also contact the Absence Management team to confirm eligibility and verify job responsibilities, if needed.

- The NYLife claims team will immediately begin reviewing the information available to make a decision. NYLife may also contact the team member's physician (if needed) once NYLife has the team members authorization to do so.

- If the claim is denied, the team member will receive a call from NYLife explaining the decision. The Absence Management team will also receive a notification of the denial and process any pay owed to the team member.

- If approved, communication is sent to the Absence Management team and claim status reports with approval date and estimated return-to-work date is provided.

1. The Absence Management team will process the approval or denial and file all related paperwork in Workday.

</details>

401(k) Plan

The company offers a 401(k) plan in which you may make voluntary pre-tax contributions toward your retirement.

</details>

<details markdown="1">

<summary>Administration of 401(k) and Enrollment</summary>

1. You are eligible to participate in GitLab's 401(k) as of your hire date. There is no auto-enrollment. You must actively elect your deductions.

1. You will receive an invitation to register for access to your account on Fidelity

NetBenefits who is GitLab's plan recordkeeper.

1. Any changes to your plan information will be effective within 2 payroll cycles (typically updated within 1 payroll cycle, depending on when the change is made and cut-off changes dates).

1. Once inside the platform you may elect your annual/pay-period contributions and investments.

1. If you have any questions about making changes to your elections, we recommend that you reach out to Fidelity directly, by chat in the app, or by phone at 800-835-5097.

1. Please review the Summary Plan Document, QDIA, Fee Disclosure. If you have any questions about the plan or the documents, please reach out to HelpLab. Total Rewards is not able to advise you on your financial decisions.

1. ADP payroll system monitors and will stop the 401(k) contribution when you have reached the IRS limit for the year. Please keep in mind, if you have prior contributions from another employer, ADP will not have access to this information.

1. If your employment with GitLab terminates and you are unable to access your Fidelity account due to this being connected to your GitLab email, please contact Fidelity at 800-835-5097 to have the email address on file updated.

</details>

401(k) Match

GitLab offers matching 50% of contributions on the first 6% of allocated gross earnings per pay period with a yearly cap of \$1,500 USD. If a hypothetical team member's salary is \$50,000 USD, their gross pay per period is $\$50,000 / 24 = \2083.33 . This is then matched at a rate of $\$2083.33 \setminus 6\% \setminus 50\% = \62.50 .

Employer match contributions will automatically vest when received.

As you are eligible to participate in GitLab's 401(k) as of your hire date, you are also eligible for GitLab matching contributions as of your hire date.

All employer contributions are pre-tax contributions. Team members can still make Roth 401(k) team member contributions and receive pre-tax employer contributions to your Traditional 401(k) account.

<details markdown="1">

<summary>Administration of 401(k) Match</summary>

- The employer will use the calculation on each check date effective as of January 1.
- The team member must have a contribution for a check date to be eligible for the employer match.
- Employer matching will be released into participant accounts three business days after the check date.
- For team members who defer more than 6% on each check date, an annual true-up will be conducted after calendar year end.
- The 401(k) match runs calendar year.

</details>

401(k) Plan Features

<details markdown="1">

<summary>401(k) After-Tax Contributions with Automatic In-Plan Roth Conversion</summary>

Effective 2024-08-01, Team Members can elect to make after-tax contributions to their 401(k) with automatic Roth in-plan conversions. Follow these instructions to make these elections and set up conversions. Note that team members must call Fidelity in order to request and set up automatic conversions. See the considerations and benefits of enabling automatic conversions.

Please see the Fidelity Roth 401(k) contributions, after-tax contributions, and the Roth in-plan conversion FAQ for more details.

Please also see our webinar with SageView on how this 401(k) feature works, the benefits of using the feature, and considerations team members should be aware of before participating.

Team Members should take note that the 401(k) after-tax deductions takes priority over ESPP contributions.

Team Members should calculate their after-tax contributions carefully to ensure that they have enough funds for ESPP contributions, should they wish to participate in both features.

</details>

<details markdown="1">

<summary>401(k) In-Plan Roth Conversion (pre-tax source)</summary>

You may now convert money from your pre-tax source, to the Roth source, all within the 401(k) Plan.

- Please consult with your tax advisor as any amount converted will be taxable in the year it is moved to the Roth source.
- Fidelity is available at 800-835-5097 to assist you with processing changes or answer any questions you may have.

Questions on the 401(k) Loan or In-Plan Roth Conversion?

- To process changes or to discuss taking a 401(k) Loan or making an In-Plan Roth Conversion, please directly contact Fidelity's team at 800-835-5097.
- If you'd like to speak with an advisor about the investments in the plan, or about your larger financial picture including tax strategies and retirement planning · please reach out to SageView Advisory Group. Click [here](#) to schedule a complimentary financial consultation at your convenience.
- If you have general questions, please reach out to HelpLab.

</details>

<details markdown="1">

<summary>401(k) Rollover</summary>

- If you have an existing fund that you would like to transfer to your GitLab 401(k) plan (rolling over an IRA), this is possible. Please complete the steps this form to update with Fidelity. If you need additional guidance you can reach out to Fidelity directly at 800-835-5097
- If you leave GitLab and would like to rollover your 401(k) account, contact Fidelity directly to get more information about this process. If you need to locate your account number, you can find it by clicking Settings and then Accounts. You can reach Fidelity, by Chat in the app, or by phone at 800-835-5097. They also have a Rollovers section on their site going into detail.

</details>

<details markdown="1">

<summary>401(k) Loans</summary>

You may now take a loan from your GitLab 401(k) Plan.

- Loans may be requested online or by calling Fidelity at 800-835-5097 for help to initiate the process online.
- Payments will be made via ACH from your personal bank account.
- You can request up to 50% of your vested account balance, or \$50,000, whichever is less.
- An interest rate of Prime + 1% will apply and will be paid to yourself. It's important to note that loans are repaid with after-tax dollars, meaning you will be "double taxed" on this money · once now, and again at retirement.
- Fidelity is available at 800-835-5097 to assist with any additional questions you may have.

</details>

<details markdown="1">

<summary>401(k) Committee</summary>

The 401(k) Committee meets on a regular cadence with Fidelity to review how the plan is doing as well as updates from the Fidelity investment team. The Committee Members are:

- Chief People Officer
- Principal Accounting Officer
- Director, Total Rewards
- Director, Treasurer

Note: Chief Legal Officer will serve as an committee observer.

</details>

Navia - Health Reimbursement Arrangement (HRA)

Effective 2022-10-01, GitLab offers a TravelHealth Reimbursement Arrangement (HRA) benefit to reimburse eligible team members and their dependents for transportation and lodging expenses

related to travel while obtaining medical care not offered within 100 miles of the location the member resides.

To be eligible for the Travel HRA benefit, team members and their dependents must be enrolled in one of the Cigna Medical Plans. Navia Benefit Solutions administers the HRA benefit.

The HRA Benefit is split into a pre-tax account, in which team members can receive reimbursement of up to \$2,100 USD for eligible pre-tax travel expenses, and a post-tax account of \$900 USD for eligible travel expenses that exceed the pre-tax travel limits.

Please see the HRA Summary of Benefits and Coverage document for information on coverage and the Navia Navigation Guide for information on claim eligibility and how to submit claims. Additional details can be found in our Health Reimbursement Arrangement (HRA) FAQ

</details>

<details markdown="1">

<summary>How to Submit an HRA Claim</summary>

To access the benefit, eligible team members can create an account on the Navia Portal, first time users will click the Register button in the top right corner of the page.

To register for online account access you will be requested to provide the following information:

- Last Name, First Initial
- E-mail Address
- Employer Code: Please click the link to receive the GitLab Employer Code
- Last four digits of your social security number/employeeID
- Date of Birth
- Choose a Username
- Answer three security questions

Reminder! review and accept the Terms and Conditions. After clicking Submit for online access, you will receive an email confirmation with a temporary link to set your password to complete your registration.

If you are a newly hired GitLab Team Member, please allow 1 month following your start date to access the portal. Should you require access to the portal earlier, please contact HelpLab. Once you have access to the portal you can submit a claim directly with Navia, and view plan documents.

</details>

Optional Plans Available at Team Member Expense

WEX (Discovery Benefits) Health Savings Accounts, Flexible Spending Accounts, and Commuter Accounts

If you are enrolled in a Health Savings Account (HSA), Flexible Spending Account (FSA), Dependent Care Flexible Spending Account (DCFSA) or commuter benefits, the funds are held through WEX (Discovery Benefits). After your benefit enrollment effective start date, create an account with WEX (Discovery) to manage your funds. You will only receive one debit card upon enrollment. To obtain a second card (for a dependent, etc.) you will need to login to your account on WEX (Discovery) or call and they will send one to your home of record.

Wex Contact: 866-451-3399; customerservice@wexhealth.com; www.wexinc.com

Health Savings Account (HSA)

GitLab contributes \$100 per month for those enrolled in the HSA under Individual cover, and \$125 per month under team member + dependent(s) cover. You must be enrolled in the HDHP plan in order to contribute to the HSA.

</details>

<details markdown="1">

<summary>HSA Details</summary>

Your HSA account allows you to set aside money on a pre-tax basis to pay for qualified medical expenses. By using untaxed dollars in an HSA to pay for deductibles, copayments, coinsurance, and some other expenses, you may be able to lower your out-of-pocket health care costs. Some benefits of an HSA account are:

Your HSA contributions go into your account before taxes. The money you save to your HSA lowers your taxable income · so you may pay less in taxes.

Money in your HSA account earns tax-free interest.

Any unused HSA funds roll over to the next year. The money is yours forever. It doesn't expire.

You can spend your HSA dollars on eligible health care expenses, or save and invest them for the future.

Once your HSA account hits a certain balance, you can invest a portion of your HSA balance in mutual funds, stocks and bonds.

You can use your HSA to save for retirement. At age 65, you can use the funds for any purpose without a penalty. The money you take out to pay for eligible health care expenses continues to be tax free. You also can take money out for other reasons without paying a penalty.

</details>

<details markdown="1">

<summary>HSA Account Rollover & Administration</summary>

If you would like to transfer your HSA from a previous account, please contact WEX (Discovery) and request a HSA Transfer funds form. On the form you will put your old HSA provider's account number and any other required personal information. You will then submit the form to WEX (Discovery), and they will get in contact with your old HSA provider and process the transfer of funds. You can reach WEX (Discovery) at 866.451.3399 or

customerservice@discoverybenefits.com.

HSAs roll over completely year-to-year and are 'owned' by the team member. If you leave GitLab and would like to keep your HSA account, GitLab will no longer be responsible for the administration fee. The account holder will become responsible for the per month admin fee.

Domestic Partner Reimbursements: If the team member is not legally married to their domestic partner, the domestic partner's expenses are not eligible for disbursement from the HSA. However, if the domestic partner is covered under the family HDHP through the team member, the domestic partner can open their own HSA and contribute up to the full family contribution maximum. The team member may also contribute up to the full family contribution maximum to their own HSA.

</details>

<details markdown="1">

<summary>Mid-Year HSA Contribution Change</summary>

Team Members can make changes to their HSA contribution throughout the year. Any changes will be reflected as of the 1st of the following month. You can make these changes via the Qualifying Life Event Process. Select "Mid-Year HSA Contribution" under event type.

You can also choose to front-load the team member portion of your HSA contributions directly with Wex. Please contact Wex to assist you with this request. If you do choose to front-load your HSA, please be sure to take into account GitLab's contribution amount to your front-load calculation, and adjust your HSA deductions in PlanSource to update payroll deductions. GitLab is unable to track your maximum contribution if you fund the HSA outside of your payroll deductions.

</details>

<details markdown="1">

<summary>Health Savings Account and Offboarding GitLab </summary>

Your Health Savings Account and any funds within the account as of your date of termination are yours to keep. You may continue to use the dollars in your account for eligible healthcare expenses at your next employer, and/or allow the money to remain in the account and grow over time. Wex may charge fees to manage your HSA account directly. Please contact WEX (Discovery) at 866.451.3399, via live chat or customerservice@discoverybenefits.com with any questions about your HSA accounts.

</details>

Flexible Spending Account (FSA) Plans

FSAs help you pay for eligible out-of-pocket health care and dependent day care expenses on a pretax basis. You determine your projected expenses for the Plan Year and then elect to set aside a portion of each paycheck into your FSA. FSA contributions can only be updated during

open enrollment or through a qualifying life event (QLE).

There are three types of FSAs that team members may enroll in:

- Dependent Care FSA: restrict eligible expenses to dependent care expenses exclusively. A qualifying 'dependent' may be a child under age 13, a disabled spouse, or an older parent in eldercare. Dependent Care FSA claims may be incurred through March 15 and must be submitted no later than March 31.
- Medical FSA: Lets you pay for all eligible medical expenses, including dental and vision expenses, as well as over-the-counter medications. Team Members who have an HSA cannot participate in a medical FSA.
- Limited Purpose FSA: restrict eligible expenses to dental and vision expenses exclusively. Team members with an HSA can participate in a limited purpose FSA.

</details>

<details markdown="1">

<summary>Rollover Details for Medical and Limited Purpose FSA</summary>

Per WEX Health, FSA rollover funds are not available for 2024 expenses until 5-15 business days after 2025-03-31 (should be no later than 2025-04-22).

In 2024 the maximum salary deferral contribution has increased to \$3,200 USD, with the maximum rollover amount increasing to \$640 USD.

In 2025 the maximum salary deferral contribution has increased to \$3,300 USD, with the maximum rollover amount increasing to \$660 USD.

A minimum amount of \$5 USD will apply to the rollover. Note if the FSA rollover funds are \$5 or less, the funds will be forfeited. Team members can use the roll-over FSA amount the following year regardless if they enroll in the FSA the following year.

</details>

<details markdown="1">

<summary> Flexible Spending Accounts and Leaving GitLab </summary>

FSAs are employer-owned accounts. If you leave GitLab Medical FSA account will be terminated on your date of termination unless you continue this through COBRA. You are able to use your full FSA amounts up to and on your last day, but not afterwards unless you enroll into COBRA. WEX (Discovery) requires that all claims be submitted up to 90 days after termination date. You can enroll into COBRA FSA if you have spent less out of your account than you have contributed to it. If you decide to enroll, you will be required to continue making your monthly contributions on a post-tax status. For additional information, please reach out to WEX (Discovery) at 866.451.3399 or customerservice@discoverybenefits.com.

Dependent Care FSAs cannot be continued via COBRA. You are able to use your dependent care FSA for expenses that occur up to your last day, but not afterwards. Wex requires that all claims be submitted up to 90 days after termination date. For additional information, please reach out to WEX (Discovery) at 866.451.3399 or customerservice@discoverybenefits.com.

</details>

<details markdown="1">

<summary>FSA Period to Submit Claims</summary>

Up to 90 days after the plan year has concluded (also known as the runout period).

</details>

<details markdown="1">

<summary>Mid-Year FSA Contribution Changes</summary>

Team Members can only make changes to their FSA contributions during a Qualifying Life Event. You cannot reduce your FSA contributions, you can only increase the FSA during the Qualifying Life Event.

Note that if you increase the amount of your FSA, you will only be able to use the additional funds for claims that incur on or after your Qualifying Life Event. See Example Below:

Scenario	Resolution	Example
-----	-----	-----
A participant gets married	The participant can only increase their election amount.	
A participant originally elected \$500. They get married and update their election amount to \$2,000 as of the date of the qualifying life event. Note: The participant can only be reimbursed up to \$500 for claims with dates of service between the plan effective date and the date of the qualifying life event.		

</details>

Commuter Benefits

GitLab offers commuter benefits which are administered through WEX (Discovery Benefits).

Team Members can make mid-year changes to their commuter benefit by going through the Qualifying Life Event Process. Elect "Commuter/Transit Benefit Change" and today's date as the effective date to make the change. You will see the change in the next available payroll period.

In 2025 the contribution limits are \$325/month for parking and \$325 per month of transit. These contributions rollover month to month.

</details>

<details markdown="1">

<summary>Commuter Benefits Period to Submit Claims</summary>

For active employees: Up to 180 days after plan year has concluded (also known as the runout

period).

For terminated employees: Up to 90 days after the termination date.

</details>

Cigna Supplemental Life Insurance/AD&D

Team members who wish to elect additional life insurance above what is provided by GitLab through the Basic Life Insurance or elect life insurance for their dependents, can elect Voluntary Life Insurance through Cigna.

- \$10,000 Increments up to the lesser of 6x annual salary or \$750,000 for team members
- \$5,000 Increments up to the lesser of \$250,000 or 100% of team member election for spouses and domestic partners
- \$10,000 of coverage available for children

See the 2024 Cost Sheet for more details on the Cost and Employee Coverage amounts

</details>

<details markdown="1">

<summary>Evidence of Insurability</summary>

If you elect supplemental life insurance greater than the guaranteed issue of voluntary life insurance for yourself or dependent, you or your dependent may be required to complete an evidence of insurability (EOI). If required, you will be prompted and provided with the form during the enrollment process and can also access it [here](#).

Please complete this form to the best of your ability, but if you're unsure for any field, please leave it blank. No information needs to be filled out for the ID field and for security, you may also leave the Social Security Number field blank.

Once complete, please send the form to total-rewards@gitlab.com. The Total Rewards team will then help fill in any missing information, if applicable, and will forward to the carrier for review. Total Rewards will confirm receipt of the EOI with the carrier, track its status, and the team or the carrier will reach out to the team member with any issues that need to be addressed in order for the EOI to be approved.

If you leave GitLab, all supplemental life insurance is not included in COBRA and will terminate on your last day at GitLab unless you choose to continue your or your spouse/children's life insurance directly with the carrier. Please contact the carrier (Cigna) for more information on premiums and setting this up.

</details>

ARAG Legal Insurance

Team Members can enroll in a Legal Insurance plan with ARAG during Open Enrollment and New Hire

Enrollment.

Legal Insurance provides:

- Network attorney fees are 100% paid in full for most covered matters.
- Save hundreds, possibly thousands, when dealing with common legal matters.
- Work with a network of local, experienced attorneys who can provide advice, review documents and represent you.
- Use DIY Docs®, an online tool that helps you create a variety of legally valid documents, including state-specific templates.

Team Members can choose between Two Legal Plan Options:

UltimateAdvisor, which provides comprehensive legal coverage, and UltimateAdvisor Plus·, which offers even more legal protection and additional services like, financial education and counseling, tax services and services for parents/grandparents. With UltimateAdvisor Plus·, custody and alimony matters are also covered.

UltimateAdvisor® Legal Insurance:
\$18.25 per month

UltimateAdvisor Plus· Legal Insurance:
\$20.90 per month

</details>

Pet Insurance

GitLab offers team members to join the MetLife group Pet Insurance plan. A MetLife Pet Insurance plan helps cover the costs when unexpected accidents or illnesses occur, so nothing gets in the way of caring for your pet when they need it most.

With MetLife Pet Insurance, you can get:

- Flexible insurance plans that can cover the entire pet family with no breed exclusions
- Family plans covering multiple cats and dogs on one policy · a benefit exclusive to MetLife Pet2
- 24/7 access to Telehealth Concierge Services for immediate assistance

- Coverage of previously covered pre-existing conditions when switching providers

For more details and steps on how to enroll please see the MetLife Pet Insurance flyer & Enrollment Instructions

529 Savings Plans

GitLab offers access to 529 plan investments to US team members so that you can use tax-advantaged savings for your child's future education expenses.

- ScholarShare 529 Workplace Savings is a direct deposit program that can make it easy for you and them
- This plan offers 100% tax-free growth on investment earnings and tax-free withdrawals for qualified expenses, making the most of every dollar you save

To learn more visit ScholarShare529.com/employer or email: workplace529@scholarshare.com

Enroll anytime at [ScholarShare529](https://ScholarShare529.com) or call 800-544-5248.
ScholarShare Flyer Guide & 529 Overview.

Want more information?

- Register for webinars that fits your schedule, hosted monthly, Schedule a consultation with a 529 specialist.

Student Loan Guidance & Tools

GitLab has partnered with Sofi to offer student loan guidance services, discounts & perks, and financial well-being products with SoFi.

Team members can schedule an appointment with a Sofi Student Loan Specialist to discuss their loans and situation and have access to a central location for team members to focus on financial well-being, and help navigate their student debt

Enroll anytime at SoFi.com/GitLab

GitLab SoFi Flyer. You're eligible for an exclusive 0.25% rate discount when you refinance your student loans through SoFi.com/GitLab, plus you could save big by locking in a lower rate.

Team Member Discount Platforms

PerkSpot

GitLab has partnered with PerkSpot: a discount platform providing Team Members with discounts on over 10,000 brands and more than 25 different categories, including electronics, home goods, mortgages, travel, and more.

This discount platform is offered at no cost to you.

PerkSpot is a one-stop shop for thousands of exclusive discounts and in more than 25 different areas of interest. You can enroll anytime at gitlab.perkspot.com

- Click on "Create Your Account"
- Using Access Code

PerkSpot Overview Flyer

If you have any questions on discounts or the PerkSpot platform, please reach out to cs@perkspot.com or 866-606-6057.

LifeMart through ADP

US team members have access to a discount platform offered through ADP. This platform provides discounts for national and local brands and services.

To access LifeMart through ADP:

1. Login to ADP using the following link: workforcenow.adp.com.
1. Click on the "MYSELF" tab in the navigation bar, hover your mouse over "Benefits" in the dropdown menu, and click "Employee Discounts - Life Mart".
1. Confirm the email you use to access ADP and click "View my discounts" to enter the website.

COBRA

If you are enrolled in medical, dental, and/or vision when you terminate from GitLab (either voluntarily or involuntarily), you may be eligible to continue your coverage through COBRA.

</details>

<details markdown="1">

<summary>COBRA Timeline</summary>

1. Typically terminations are updated in Workday on the date of the termination and once updated, will then be updated in PlanSource by the end of the next business day.
1. Once the termination has been added to PlanSource, the information will then be sent over to WEX (Discovery Benefits), our COBRA administrator. The file feeds over every Wednesday morning. Government guidelines give 30 days for WEX (Discovery) to be notified of the COBRA eligibility, but typically this will take about 1-2 weeks.
1. Once notified, WEX (Discovery) has 14 days to generate and send the COBRA enrollment packet. Allow normal mailing timelines (5-10 business days) to receive the packet once sent. You may also contact total-rewards@gitlab.com at least a week after your termination date and we can send an electronic copy of your COBRA enrollment packet to you if it has been generated.
1. You will have 60 days from the time you receive the COBRA packet to enroll either through the mail or online. Instructions for how to enroll will be included in your COBRA packet. Coverage will be retro-effective to the date coverage was lost.
1. From the day you enroll, you have 45 days to bring your payments to current.
1. You may remain on COBRA for up to 18 months. Please see the COBRA enrollment packet for information on extending COBRA an additional 18 months, if applicable. The state you reside in may allow for additional time on COBRA, but may be more expensive and include only Medical. Please consult the laws for your state for more information.

If you are currently employed and have any general COBRA questions, feel free to contact the

Compensation & Benefits team. If you have terminated already or have specific questions on the administration of COBRA, feel free to contact WEX (Discovery) Benefits directly: (866) 451-3399.

SECTION: total-rewards/benefits/general-and-entity-benefits/inc-benefits-us/total-rewards-processes.md

Processes

EOI

DRI: Automated by PlanSource

1. Employee elects Voluntary Life & Ad&D plans in PlanSource.
1. If required, PlanSource routes the employee to the Cigna website to fill out the Evidence of Insurance directly.
1. The Employee fills out the Evidence of Insurability and completes enrollment.
1. Cigna/NY York Life rejects/approves the request and automatically updates the election amount on PlanSource.

Qualifying Life Event (QLE) Processing

DRI: TBD

Cadence: Ad hoc (check at least weekly)

1. Log into PlanSource and select Life Events (in the "Your Tasks" box).
1. For any new pending life events, you will need to request documentation from the team member:
 - Navigate to the team member's profile.

- Scroll down to the Tasks section and in the Actions drop-down, select "Create a Document Request".
- Select "New Document Request" and paste the following text:
 - > Hello,
 - >
 - > We received your request to update your benefits due to your Qualifying Life Event. This Qualifying Life Event requires documentation to substantiate it. Please review the following table to understand the documentation requirements:
<https://handbook.gitlab.com/handbook/total-rewards/benefits/general-and-entity-benefits/inc-benefits-us/total-rewards-processes/qle-acceptable-documentation-table>.
 - >
 - > If you have any questions or need any help uploading your documentation, please reach out to the Total Rewards team.
- Choose acceptable documents for the team member's Life Event per the table below and click "Submit"
- 1. Once you have checked the Life Events task for any new life events, navigate to Document Requests in the "Your Tasks" box to review whether any team members have submitted documentation. Note that this may reflect 0 in your summary view even if the team member has submitted a document.
- 1. If a new document has been submitted and needs review:
 - Click the task.
 - Click the link under "Documents Requested From Employee" which will open a side panel.
 - Click to open document in a new window if preview doesn't work.
 - Review the document per the documentation table below ensuring the effective date in the QLE matches the event date in the documentation.
 - If it meets documentation requirements, click "Accept." If not, click "Reject and Issue New" and reach out to the team member to explain what else is needed.
 - Once the documentation is accepted, you'll also want to make sure to approve the original life event.
- 1. Once all documents and life events are approved in PlanSource, any carrier updates will also need to be made manually while the EDI integrations are being set up.

QLE Acceptable Documentation Table

Event	Acceptable Documents	Requirements
Marriage	Marriage Certificate	Name of team member, name of spouse, date of marriage, official seal/signature
Birth	Birth certificate Hospital Documentation	Name of team member, name of child, date of birth, hospital letterhead, seal, or signed by doctor/hospital admin (hospital documentation only)
Adoption	Court order for adoption	Team member name, new dependent's name, court order effective date
Divorce or annulment	Divorce decree/court ruling for annulment	Name of team member and ex-spouse, date of divorce/annulment
Establishment or Dissolution of Domestic Partnership	Domestic Partner Affidavit Dissolution of Domestic Partnership Affidavit	Name of team member, name of domestic partner, date of birth, date of event
Death of Dependent	Death Certificate	Name of dependent, date of death
Gain of Coverage Elsewhere	Benefits summary, letter from new benefits admin/HR, letter from	

new insurance carrier | Name of team member and/or dependents being removed from coverage, effective date of new coverage, list of new coverages (medical, dental, vision) |
| Loss of Coverage Elsewhere | Benefits summary, letter from old benefits admin/HR, letter from old insurance carrier, COBRA paperwork | Name of team member and/or dependents being added to coverage, termination date of old coverage, list of coverages (medical, dental, vision) being lost |

Making Updates in the Carrier Systems

Cigna & Kaiser are automatically fed Member and plan data from PlanSource via the integration.

WEX Discovery

Cadence: Semi-Monthly, after each pay period

DRI: Total Rewards, Benefits - Raisha Kole

Temporary process until integrations are in place

HSA, DCFSA, Commuter Parking and Commuter Transit Funding

1. Request a report from Payroll on the latest pay period's HSA, DCFSA, Commuter Parking and Commuter Transit Deductions.

- HSA ONLY Log on to Plansource to Data & Tools > Reports. Search for HSA Funding Report, and enter the payroll date in the "Point In Time" date. Reconcile the Payroll Report and the PlanSource report to ensure that the HSA deduction data is accurate. If HSA funding data is missing from the Payroll Report, a double deduction may need to occur the following Pay cycle.

1. Log on to Discover Wex Administration Portal. Click on "Imports" in the side menu

1. Click on the "New Import"> "Contribution" . Check "Pre-populate Template" and select the savings account you'd like to fund:

- If HSA - Select "Health Savings Account" under Plan Year - then check "Health Savings Account"

- If DCFSA - Select the current plan year "1/01/2021 - 12/32/2021" - then check "Dependent Care FSA"

- If Commuter Transit or Parking - Select "Commuter Plan 2021" - then check "Mass Transit" and "Parking"

1. Click "Download Template" This will generate a report with the following Columns:

EmployeeIdentifier, Contribution Date, Contribution Discription, Contribution Amount, PlanName, PriorTax Year. Enter the information as follows:

- EmployeeIdentifier: This Column is the Employee's SSN, and will already be populated for all employees that have an Open HSA Wex account.

- Contribution Date: The Payroll Deduction date. Format should be MMDDYYYY - no dashes

- Contribution Description: If the contribution is from the Employer (i.e. Employer HSA Funding) select "Employer". If the contribution is a deduction from the Employee, select "Payroll"

- Contribution Amount: The amount that was deducted from the employees' paycheck OR the amount that the Employer is contribution to the employee's HSA.

- PlanName: Pre-populated with the type of Funding account.

- ProirTaxYear: Leave Blank

1. Double check the Payroll report if any employees received a deduction or contribution and did not populate on the Pre-populated Template. If so, create a Wex account for that employee and add them to the report.

1. Once the report is completed, download it as a CSV file. Return to the Wex Import Page where you had left off. Click on "Next", then upload the CSV file. Click "import"

1. Check if the report had any errors or issues by going back to the "Import" page on the Administration Portal. Under "Pending" you will see if your report had any errors. If there were only a handful of errors you can update directly on the portal by selecting "Fix All". If there were many errors, you can cancel the report and upload a new one.

Monthly Finance HSA & FSA Reporting

Finance requires the ongoing FSA and HSA account reporting for tracking purposes

1. Log on to Leap Discover Portal

1. Click the "Benefits Administration, HSA, FSA & HRA link

1. Click on Reports > "+New Report"

For FSA

1. Select "Account Balance Detail"

1. Enter the following information:

- Select "As Of" : Last day of the month
- Plan Year: current plan year
- Group By: Do Not Group
- Report detail Level: Detail
- Check include cash balance detail
- check email me when report is available

For HSA

1. Select "HSA Account Detail"

1. Enter the following information:

- Select Start Date: first day of the month
- End date: Last day of the month
- Group by: Do not group
- Report detail level: detail
- check in Email me when report is available
- check include masked ssn
- detail to include: reporting period data

Upload these reports in the Account FSA & HSA reports folder in the US Benefits folder

Monthly Health Bill Payments

The Total Rewards Analyst will review and initiate payment for all monthly health bills in the United States.

- All bills are available on the first of the month and should be paid by the 13th.

- A reconciliation report will be made available in the PlanSource system. Total Rewards will transfer the reconciliation and Group Invoice documents to the US Benefits Billing Google Drive.

- These documents will be used to verify the proper amount was billed and to provide

department breakdowns to AP.

- Total Rewards will login to each admin platform and pay the bills using the banking information and links found in the 1password note: "Monthly Health Bills"
- Total Rewards will then email a detailed breakdown of the amount/department totals to ap@gitlab.com for accounting purposes.
- TODO Build in step-by-step process

Assigning A 'Benefits Group' for Team Members

The People Operations team will update the 'Benefits Group' in the HR system of record for Team Members when they are onboarded or relocated. The Benefits Group determines which plans team members are eligible for.

Instructions on assigning a benefits group

There are two parts of the Benefits Group: 1. The entity and 2. The team member's location. For example 'Fed-FT-Colorado' would be the correct option for a GitLab Federal Team Member living in Colorado.

Entity

- 'Fed-FT-': Team Members employed in the Federal entity
- 'Ft-' Team Members employed in the Inc entity

Location

- Colorado: Team Members with a home address in Colorado
- Hawaii: Team Members with a home address in Hawaii
- NorthernCA: Team Members with a home address in Northern California
- SouthernCA: Team Members with a home address in Southern California
- TX/MO/OK: Team Members with a home address in Texas, Missouri, or Oklahoma
- OOS: Team members with a home in any other state not listed in the above.

Ineligible: Any Team Member that relocated outside of the US and is no longer eligible for a plan, OR any team member that may not be eligible due to Part-Time employment (under 30 hours per week). Please note that interns are eligible for benefits if they work over 30 hours per week.

Monthly Navia Upload

Temporary until Integrations are put in place between PlanSource/Workday & Navia

1. Log on to <https://www.naviabenefits.com/>

1. Reports> Active Member Report > Select the current year's plan > check mark Include EmpID/SSNs

1. Pull PlanSource/Workday report

1. Termination Report - get termination dates for team members

1. PlanSource/Workday report of Cigna enrollees

1. Do a vlook up to see which team members need to be termed in Navia & team members who need to be added in to the portal

1. If not that many team members, you can log on to Navia and Upload the data individually > Plan Management > Participants > Add Participant
1. If there are many team members, fill out the Navia Upload Report. Log on to Navia Portal > Data Management > Send File > Upload the file > File Recipient is Lydnsey Rush

How to Fill out the Navia Upload Report:

1. Employer Code: GBZ
1. Plan Start: Depends on plan year (for 2022 it is 10/1/2022- to 12/31/2022; for 2023 it is 1/1/2023- 12/31-2023)
1. Record Type: Eligible
1. Fill in SSN, First Name, Last Name, Address Name, City, State, Country, DOB, Sex, Work Email
1. Benefit Code: Since there are two plans each team member and dependent will need 2 separate line items, one for the pre-tax plan, and one for the post tax plans:
 - HRA1: Pretax Travel Plan · For those on Non HDHP
 - HRA2: Post-Tax Travel Plan · For those on Non HDHP
 - HRAOTHER: Pretax Travel Plan (Post-Deductible) · For those on HDHP w/ HSA
 - HRAEE: Post-Tax Travel Plan (Post-Deductible) · For those on HDHP w/ HSA
1. Fill in the following information for the team member and their dependents Covered Individual SSN, Relationship, First name, last name, sex, covered individual enrollment (1): a line is needed for each team member and each dependent

Example on how many entries should be in the report per team member: If a team member has a spouse & a child; there should be 6 entries: a line for each dependent and a line for each plan (pre-tax & Post tax)

Cobra Navia

Team members have the option of electing the HRA during Cobra, once elected and payment is made, WEX sends email notification to Navia informing them of the COBRA election and to reactivate the member's access to HRA.

The process for reporting elections is managed by WEX.

Payroll Hourly Reporting in to Workday for ACA Measurement

TBD

Every Month Payroll will need to upload a Affordable Care Act Worker Hours and Wages to track working hours during measurement period.

1. The US Payroll Team will fill out the Affordable Care Act Workers Hours and Wages Report at the end of the month.
1. Step 2 TBD

Cobra Subsidy Process

1. The People Relations team will send a notice to the Total Rewards Team when a Cobra Subsidy needs to added to the Team member's profile.
1. Total Rewards will set a reminder to submit the subsidy in to Wex the Wednesday after the team member's last day. (Since the data feeds over on Wednesdays)

1. Total Rewards will calculate the Subsidy on the Cobra Subsidy Calculations Spreadsheet located in the US Benefit folder.
1. Total Rewards logs on to Discovery Leap Platform > Cobra Administration > Search Member > Click on the team member's Qualified Beneficiary Profile > Subsidies > +Add Subsidy
 1. enter subsidy start & end date
 1. subsidy schedule amount type: Flat Amount
 1. Plan type: Enter either Dental/Medical/Vision
 1. Amount: Enter the amount calculated from the Spreadsheet
 1. Repeat process for all healthcare benefits
1. If Subsidy crosses plan year, makes sure to calculate and enter different subsidy amount for each year.

Audits

WEX (Discovery) Funding Account Audit

This quarterly audit is conducted to ensure the funding of our account used for FSA, DCFSA, and commuter benefit plans according to Accounts Payable matches the amount of claims incurred in WEX (Discovery)'s system.

1. Reach out to Accounts Payable to provide an updated payment history report for payments made to WEX (Discovery).
1. In the Ongoing Discovery Audit spreadsheet, add new entries in the report provided by Accounts Payable to the bottom of the table in the "Discovery Payments History" tab.
1. Navigate to WEX (Discovery)'s platform and log into the employer portal.
 - Select "Benefits Administration" in the left toolbar.
 - Navigate to the "Reports" tab and select the "Employer Funding Report".
 - Download all reports for the months that have elapsed since the last audit was conducted.
1. Add the new monthly report(s) to the Ongoing Discovery Audit spreadsheet as new tabs.
1. Reconcile all funding sent by Accounts Payable against the Employer Funding Report details.
 - AP funding will be denoted as "MANUAL EMPLOYER TRANSACTION AND ADJUSTMENT" in these reports.
1. On the "Funding Summary" tab, add the newly downloaded month(s) to the bottom of the summary table:
 - Add the year of the report(s) in column A.
 - Add the month of the report(s) in column B.
 - Copy the formula down for columns C, D, and E.
 - For columns D and E, replace the year and month in the formula with the year and month inputted in a column A and B.
 - For example, if the formula current has =sumif('March 2020 Funding Detail'!A:A,"Manual Employer Transaction and Adjustment",'March 2020 Funding Detail'!H:H) and you are working on the row for April 2020, change the formula to say =sumif('April 2020 Funding Detail'!A:A,"Manual Employer Transaction and Adjustment",'April 2020 Funding Detail'!H:H).
1. In the same "Funding Summary" tab, review the difference calculated in cell L3. This difference should be positive and roughly equivalent to the amount we currently have available in our Funding Account for WEX (Discovery), typically in the range of \$5,000 to \$50,000.
1. Any discrepancies or problems should be escalated to the Manager, Total Rewards.

WEX (Discovery) Payroll Audit

TODO

PlanSource/Carrier Enrollment Audit

This quarterly audit is conducted to identify any differences in enrollment between the carrier records and what a team member has elected in PlanSource.

SECTION: total-rewards/compensation/_index.md

Job Architecture Project Update

GitLab is currently undergoing a Job Architecture project to modernize our compensation framework. As part of this initiative, the compensation calculator was retired on May 30, 2025. All handbook information related to compensation is subject to change when the new framework is implemented in the August/September timeframe.

What's Changing

We are transitioning from our current San Francisco-anchored compensation model to market-aligned compensation ranges that use local market data in local currencies.

This change will:

- Eliminate location factors and currency conversion complexities
- Align with industry-standard compensation practices
- Provide more accurate, market-based pay ranges for each role and location
- Create clearer career progression frameworks

Current Status

Compensation calculator: Retired as of May 30, 2025

New framework launch: Market-aligned compensation ranges will be implemented by August 30, 2025

Impact to pay: No current team member's cash compensation or granted equity will be reduced as part of this project.

Getting Compensation Information

Your current range: Available in your Workday profile under the compensation tab if your range was previously available in the Compensation Calculator

Commission-eligible Sales roles not previously in the calculator will be visible in Workday in August

Career development ranges: Request a consultation through HelpLab

Questions: Contact HelpLab

For Teams in the Netherlands and Germany

Please note that all changes described above are proposals subject to required works council

consultation and approval processes. We are actively engaging with the works councils in these countries and will incorporate their input before finalizing any changes.

No decisions have been made final for these regions, and we are committed to following all requirements for consultation.

Additional Information

Please reference the Job Architecture Information Guide (internal only) for additional details on the project.

>Note: All information below this point reflects our previous compensation framework and will be updated upon completion of the Job Architecture project.

Introduction

On this page, we're detailing why we have the compensation framework we have now.

Contact Total Rewards

If you have any feedback or questions relating to compensation, please reach out to Total Rewards.

GitLab's Compensation Principles

1. We're an open organization, and we want to be as transparent as possible about our compensation principles. Our compensation model is open to data driven iterations.
1. We are paying local rates based on cost of labor market. There is no cost of living input in our compensation philosophy.
1. Compensation aims to be at a competitive rate for your job family, your location, your level, your experience, and your contract type.
1. We use a compensation calculator to ensure transparent and consistent compensation.
1. We do not disclose individual compensation since compensation is not public.
1. We adjust our calculator based on survey data, feedback from applicants and team members, and candidate data. Please email [total-rewards@ gitlab](mailto:total-rewards@gitlab) if you want to contribute.
1. We offer restricted stock units (RSUs) for most positions.
1. We base compensation on current position and performance at GitLab · not on what we paid you last month · and, generally, we don't reduce compensation.
1. Increases within the market pay bands will be based on performance.
 - At hire, we base our compensation offer on the position and experience in the market.
 - For promotions, increases are based on ensuring alignment to the new role's market range.
 - At Annual Compensation review, increases will ensure alignment to the market (by being within the entire range of the calculator), and resources will be allocated to top performing team members within the organization.
1. GitLab will continue to monitor pay equality to ensure underrepresented groups are paid at the same rate as the company.
1. We want to follow the processes on this page for everyone, please email [total-rewards@ gitlab](mailto:total-rewards@gitlab) when we don't. If you have a specifi
